

Automated HR & Payroll Solution

TekHRM is cloud based leading software for managing business processes related to human resource management (HRM), Payroll Management, Time & Attendance, Taxation and Tracking Organization Reports. Initially it is developed for Indian customers only and helping small & large businesses to modernize their process & workflows in order to save time in the areas of employee self service, leave etc. Software is designed in such a way that it reduces work of HR Management by automating their activities from employee entry to exit.

Accessible by anyone & available with a very user-friendly appearance, no technical skills required. There is no higher investment to implement it, by an online subscription you can experience the features provided.
